MEMORANDUM FOR FRANK MOORE

FROM:

BO ~~QUITTER~~

SUBJECT:

Presidential Letters to Appropriations
Committees Chairmen

At the Cabinet meeting on Monday, the President indicated that he wished to send a letter to the Chairmen of the Appropriations Committees. Bert asked that we draft such a letter and I have enclosed our suggestion.

The letter has been discussed and cleared by Stu Eizenstat. Since the President now intends to make some remarks about the budget in his press conference tomorrow (Thursday morning) we feel strongly that if this letter is sent it should be hand delivered today to the Appropriations Committees Chairmen.

Enclosures

THE WHITE HOUSE

WASHINGTON

May 25, 1977

Dear Mr. Chairman:

As the Appropriations Committees and the Congress begin the important decision-making phase of the appropriations process, I want to express to you my appreciation for the consideration which has been given to the Administration's 1978 budget recommendations. It is vital that we continue the cooperative spirit which has marked the process up to now, and I pledge to you my personal efforts to that end.

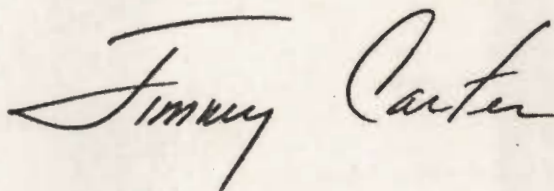

We share several critical objectives. One is to return the economy to full employment and productivity as soon as possible. Another is to improve the health, education, quality of life and security of our people. A third is to restore prudent management and fiscal responsibility to the Federal Government.

As you know, I am determined to balance the Federal budget by 1981. I believe we must do so in order to achieve our shared objectives. To meet the goal of a balanced budget, we must begin to move in that direction now -- in the 1978 budget -- so that we can keep economic growth on a healthy, non-inflationary track and so that adequate funds will be available in later years for programs that help people the most.

The critical first steps toward a balanced budget -- those we take in connection with the 1978 fiscal year -- will involve some of the hardest choices. Thus, we must work together to set our priorities and make a number of difficult decisions in the coming weeks. In this regard, I am concerned about the add-ons in some of the appropriations bills now at the Subcommittee levels, including the Agriculture, HEW, and ERDA-public works bills. But I am confident that we can cooperate in an ultimately successful effort.

I will be making some general remarks about these goals and our mutual responsibilities in my press conference tomorrow, and I want you to know in advance that I appreciate the efforts you and the members of your Committee already have made, that I stand by ready to work with you further during this next, crucial phase, and that I am optimistic about the outcome of our joint efforts.

Respectfully,

A handwritten signature in cursive script that reads "Jimmy Carter". The signature is written in dark ink and is positioned below the word "Respectfully,".

The Honorable George H. Mahon
Chairman
House Appropriations Committee
House of Representatives
Washington, D. C. 20515

MEMORANDUM FOR THE PRESIDENT

FROM:

HUGH CARTER *HC*

SUBJECT:

Nominations for Director of National Security Agency and for U.S. Representative to NATO Military Committee (Per your Request)

The Defense Department advises me that these are billets which rotate from Service to Service, involving no net change in grade or number of flag officers. In one instance an admiral (four-star) is replaced by an Army general (four-star); and in the other a vice admiral (three-star) replaces an Air Force lieutenant general (three-star).

Recommendation: That you approve the recommendations as submitted by the Secretary of Defense.

MEMORANDUM FOR HONORABLE HUGH CARTER, JR.

SUBJECT: General and Flag Officer Nominations

Ref.

Attached are the two cases which I discussed with you Friday. These are routine actions involving billets which rotate from Service to Service with no net change in overall grade authorization. In one instance an admiral is replaced by a general; in the other (NSA), the vice admiral assignment results in a corresponding deletion of an Air Force lieutenant general position.

With respect to the questions the President penned, I have attached a reply for your consideration which I believe will clarify the facts and satisfy the President's concerns.

THE SECRETARY OF DEFENSE
WASHINGTON D C 20301

MAY 14 1977

MEMORANDUM FOR THE PRESIDENT

Subject: Reassignment - Flag Officer of the Navy

I recommend the reassignment of Vice Admiral Bobby R. Inman, U. S. Navy, as Director, National Security Agency.

I further recommend that the position of Director, National Security Agency be added to the President's list of Navy vice admiral commands and other positions of great importance and responsibility within the contemplation of Title 10, United States Code, Section 5231 and deleted from the corresponding Air Force lieutenant general positions.

Vice Admiral Inman, who is 46 years of age, is presently serving as Vice Director, Plans, Operations and Support, Defense Intelligence Agency. He will relieve Lieutenant General Lew Allen, Jr., U. S. Air Force, as Director, National Security Agency in the summer of 1977. The authorized grade for the proposed assignment is vice admiral.

This action is based on the recommendation of the Secretary of the Navy and on the advice of the Joint Chiefs of Staff

THE SECRETARY OF DEFENSE
WASHINGTON D C. 20301

MAY 13 1977

MEMORANDUM FOR THE PRESIDENT

SUBJECT: Army General Officer Nomination

I recommend the assignment of General William A. Knowlton, now Commanding General, Allied Land Forces Southeastern Europe as United States Representative to the North Atlantic Treaty Organization Military Committee. General Knowlton is 56 years, 8 months of age. He will succeed Admiral John P. Weinell, United States Navy.

Providing you approve this action, I further recommend that you designate the position of United States Representative to the North Atlantic Treaty Organization Military Committee as one of importance and responsibility warranting the grade of general for the Department of the Army, under the provisions of Section 3066, Title 10, United States Code.

General Knowlton has demonstrated, among other qualities, the capacity for dealing objectively with matters of the broadest significance to our national security.

The above action will not result in the Army exceeding the number of four-star positions authorized under law.

This action is based upon a recommendation of the Secretary of the Army and on the advice of the Joint Chiefs of Staff.

THE PRESIDENT'S COUNCIL ON
THE CHAIRMAN OF THE
COUNCIL OF ECONOMIC ADVISERS
WASHINGTON

May 26, 1977

MEMORANDUM FOR THE PRESIDENT

FROM: Charlie Schultze *CLS*
SUBJECT: Foreign Trade Balance in April

The Census Bureau released figures on merchandise trade for April at 10:00 a.m. this morning (May 26). The merchandise trade deficit increased again in April -- to \$2.6 billion, from \$2.4 billion in March. Imports rose somewhat further. Exports declined a little, but remained above the first quarter average level.

We have been expecting a substantial decline in oil imports from the very high level in the first quarter, but as yet it has not occurred. There was some reduction in April, but less than we expected. Imports of heating fuel fell, but imports of crude oil held close to the high March level. There is still every reason to expect oil imports to drop significantly from the April level.

There were scattered increases in non-oil imports. Imports of automotive products showed the biggest rise -- reflecting the recent strengthening of foreign car sales. Imports of food products rose -- mainly because of higher prices. Imports of industrial supplies other than fuel also increased, as would be expected in a period of strongly rising economic activity.

Exports of nonagricultural commodities continue to show the effects of the weak recovery abroad. Exports of capital goods declined last month.

The annual rate of deficit in our foreign trade accounts was over \$30 billion in April -- substantially higher than we are projecting for the year as a whole. The size of the deficit should recede as oil imports decline.
